Project 5:
Evaluate a Google Ads Campaign

Campaign Approach

Description and Marketing

Objective

1. Campaign Approach

- Udacity has launched a campaign to advertise for the Digital Marketing Nanodegree Program
- The campaign is divided into two ad groups, one targeting customers in the Awareness stage and one targeting customers in the Interest stage
- Each ad group uses responsive search ads, with multiple options for the ad headline and description
- When users click on an ad, they are taken to the overview page for the Digital Marketing Nanodegree Program, where they can click a the button to download program syllabus. This conversion has an estimated value of $5.

2. Marketing Objective

- The campaign's marketing objective is to gather at least 200 conversions (syllabus downloads), with a conversion rate of at least 10%

Campaign Evaluation

Evaluate how successful the campaign was, based on the marketing objective

- Feel free to use "bullet points" for your analysis and add as many slides as you need.
- Include the following information in your answer (you can also review Lesson 6 in the SEM course for some additional guidance):
  - The campaign's return on investment (ROI), including identification of whether the campaign was ROI-positive or ROI-negative
    - ROI = (total conversion value - total cost)/total cost
  - Identify and calculate at least three relevant KPIs at the campaign, ad group, ad, and keyword level
  - Based on your KPI calculations, identify which three keywords performed the best, and explain your reasoning for the ones you selected
  - Based on your KPI calculations, make an inference about which keywords are subject to higher competition in Google Ads. Explain your reasoning and which KPIs you used to make your hypothesis.
  - An overview statement of how well or not well the campaign performed relative to its marketing objective, supported with evidence

Campaign Evaluation

1-ROI = (total conversion value - total cost)/total cost

ROI=1105-1314.00/1314.00= -0.1590 negative

2-Three relevant KPIs

- Cpc = 594.57
- Cpa = 54.95
- Cr = 9.24

3-Best keywords

- Online marketing +course
- Digital marketing certificate
- Digital marketing basic

Because thy have the higher conversion rate, impressions, conversions ,and clicks

4-keywords with highest competition

- Social media marketing cpc=1.41
- Best website to learn digital marketing for free=1.15
- Digital marketing basic cpc=0.98

There cost per click is high

5-campaign performance

The campaign's marketing objective is to gather at least 200 conversions we collect 221 with a conversion rate of at least 10% we make 9.24% I think it's not bad and close to the target

Recommendations for future campaigns

Imagine you are tasked with running an improved version of this campaign, with the same marketing objective. What recommendations would you make to improve the campaign, based on your evaluation of its past performance?

- Provide at least three recommendations
- Feel free to use "bullet points" for your analysis and add as many slides as you need
- The following prompts can help you structure your answer, but feel free to think beyond these as well:
  - Would you focus on certain ad groups, ads, keywords, or keyword match types? If so, which ones and why?
  - Would you change any of your existing ad headlines or descriptions, or add any new ones? What would you change/add and why?
  - Would you change any of your existing keywords or match types, or add any new ones? What would you change/add and why?
  - Would you set up an A/B test, and if so, how would you go about it?

Recommendations for future campaigns

1-Would you focus on certain ad groups, ads, keywords, or keyword match types? If so, which ones and why?

I will close ad number 4 and 2 and focus on ad 1 and 3 because thy have the best numbers in cpc, cpa ,and cr

2-Would you change any of your existing ad headlines or descriptions, or add any new ones? What would you change/add and why?

I wil change the headline or ad1 to Start learning digital marketing and make a lot of money to look more attractive

3-Would you change any of your existing keywords or match types, or add any new ones? What would you change/add and why?

Keywords with high cpc I will make it negative keywords to attract more customers
